- ISODP Congress , Nov 2019. Dubai. UAE.
- ESOT, Aug 2018. Monich.Germany

- ISODP . 6-9 Sep 2017. Geneva. Swiss.
- Health education and health promotion international congress. Aug 2017. IRAN
- ISODP. 6-9 Sep 2017. Geneva. Swiss.
- 3rd international & 6th national Iranian Congress on Health education & promotion.
19 -21 Aug 2017, Isfahan – Iran.
- 4th International Roads Safety Congress. Shefa Neuroscience Research Center,
Tehran, Iran, February, 2015.
- The 9 th university student conference on innovation in health sciences. May 2016.
Tehran. Iran
- 2nd international & 6th national Iranian Congress on Health education & promotion.
19 -21 May 2015, Kermanshah – Iran.

SCIENTIFIC AWARDS

- **2019. Dubai. UAE. ISODP:** Donor Card Cancellation Reasons in Iran
- **2017. Geneva. Swiss, ISODP:** Using the Theory of Planned Behavior Framework for
Designing Interventions Related to Organ Donation.
- **2021. India, ISOT:** Act therapy on mothers Donor.

COURSE PROJECTS

Project related to organ donation:

- Evaluation of an Organ Donation-related Campaign among Shahid Beheshti
University of Medical Sciences' Students: Application of the Theory of Planned
Behavior and Social Marketing Approach, as a title of PhD courses.
- Religious Beliefs of Shahid Beheshti University of Medical Sciences' students on organ
donation and related factors.
- Development and Psychometrics of planned behavior theory-based tool related to
Organ Donation among Shahid Beheshti University of Medical Science's Students.

- Determinants of organ donation intention based on Theory of planned behavior: Iranian Medical Students
- Comparison of health-related quality of life between dialysis patients and kidney recipients. 2023
- The effect of COVID 19 vaccination on kidney recipients. 2022
- Impacts of COVID 19 on Organ donation and transplantation activities in Iran. 2021
- The effect of heparin therapy on graft survival: A clinical trials study. 2021
- Relationship between Red blood cell distribution width and Prognosis of brain death. 2021

Violence against women Projects

- Empowering effect on the prevention of domestic violence against women in the city of Gorgan in 2011-2012
- Psychosocial factors associated with physical, psychological and physical violence against -married women in Tehran in 2010.
- Empowering effect on the prevention of domestic violence against women in the city of Gorgan in winter 2011.

Public health projects

- The survey of Breast self-exam and mammography and their relationship with health belief model constructs among health workers of Shahriar city's health network, 2015
- The survey about prevalence of job burnout among rural health workers in Bastak city, 2015.
- Effective factors in prevention of self-medication based on "Health Belief Model" in Shahid Beheshti University of Medical Sciences, School of Public Health in the academic year. 2015

- Factors associated consumption of fruits and vegetables in a student dormitory of Golestan University of Medical Sciences in the year 2014: the biased on PRECEED Model.
- Effective factors of mortality in children under 5 years in Bastak city durig (2010-2014)
- Study of association between psychological and health spiritual health in university students of faculty of public health, Shahid Beheshti university of medical sciences, University year 2014-2015.
- Study of academic failure factors among students of nursing and midwifery students of Azad University of Masjed-Soleyman from their point of view, 2014-2015.
- Study of association between spiritual health and quality of life in university students of faculty of public health, Shahid Beheshti University of medical sciences, 2014-2015.
- Explaining Waste of time in student Hostel Shahid Beheshti University of Medical Sciences in leisure time content analysis: a qualitative study.
- The plan of a developed Health Belief Model in promoting oral and dental health behaviors in Saipa Automotive workers of Tehran city .2015.
- The association between health-related quality of life and physical activity in health school students of Shahid Beheshti University of medical science. 2015
- Study of association between health literacy and self-care in patients with type 2 diabetes in Bastak in 2015.
- Relationship between stress, anxiety, depression and quality of life in college students Shahid Beheshti University of Medical Sciences for the academic year 2014-2015.
- Comparison of Nutritional Status of Elderly Turkmen and Non-Turkemen Admitted in Governmental Hospitals in urban Area of Gonbad-e-Kavous 2015.
- The survey of obeying road traffic rules by students of Azad University of Masjed-Soleyman based on Health Belief Model (2015).

- Survey of loneliness and social support need among Iran University of Medical Sciences students (2010).

TEACHING EXPERIENCES

➤ **Sep 2019 - Jan 2020**

- Health society. School of health. IRAN University of medical sciences. Master students.
Tehran Iran
- Health education and promotion. IRAN University of medical sciences. Master students. Tehran Iran
- Work with internship student in IRAN University of medical sciences. Master students.
Tehran Iran

➤ **Sep 2017**

- Epidemiology and Control of common diseases in IRAN. School of nursing. Artesh University for Medical Sciences. Tehran. Iran.

➤ **2015-2014**

- Mother and child health courses. Graduate courses. School of public health. Goulesan University for Medical Sciences. Iran.
- Reproductive health. Graduate courses. School of public health. Goulesan University for Medical Sciences. Iran.
- Health and Epidemiology courses. Graduate courses. School of public health. Goulesan University for Medical Sciences. Iran.
- Health care, health courses. Graduate courses. School of public health. Goulesan University for Medical Sciences. Iran.

➤ **2012- 2016 (internship with public health student):**

- Family Planning in PHC, Goulesan University of Medical science for Bachelor Degree of Public Health.

- Breast Feeding Consultancy Program in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Vaccination in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Child health care in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Family Planning in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Pregnancy care in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Non-Communicable Disease & Communicable Disease in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
- **2012- 2016 (internship with public health student):**
- Family Planning in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Breast Feeding Consultancy Program in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Vaccination in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Child health care in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Family Planning in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.
 - Pregnancy care in PHC, Goulestan University of Medical science for Bachelor Degree of Public Health.

- Non-Communicable Disease & Communicable Disease in PHC, Goulestan
University of Medical science for Bachelor Degree of Public Health.
